Product Overview

As a direct B2B wholesale supplier, DAQIDA produces the Sizing Kit for Ring 4 to give jewelry brands and hardware distributors a flawless pre-purchase fitting solution. Serving as a multi-functional ring sizer and jewelry ring sizer, this kit replaces rigid traditional tools with flexible sizing bands housed on an organized tray. By enabling a 24-hour wear test, this professional ring sizer setup ensures continuous comfort across a comprehensive ring size set, reducing return rates for global buyers

Key Product Features

Full Size Spectrum (Sizes 4–15): Features a complete ring size set covering full sizes 4 through 15 (no half sizes) to fit all adult fingers.

Real-World Comfort Testing: Allows users to wear sample bands for 24 hours to account for natural finger swelling throughout the day.

Organized Storage Tray: Keeps all sizing bands neatly arranged and labeled in designated slots for instant selection.

Reusable Design: Built as a durable reusable ring sizer and ring sizing tool that maintains its precise internal shape after repeated fittings.

Easy 3 Steps

• To Find Your Perfect Ring Size •

1 Try Multiple Sizes

Select a few ring sizes that feel comfortable when worn.

2 Wear for 24 Hours

Wear the ring sizer for at least 24 hours during daily activities.

3 Find Your Best Fit

Choose the size that feels most comfortable and secure.

Note: Lubricating oil can facilitate wearing. It is recommended to wear it for more than 24 hours to ensure accuracy.

Materials & Technical Selection & Engineering

Flexible Sizing Bands (Medical-Grade Polymer): Molded from soft, skin-safe flexible polymer to ensure an ergonomic, non-irritating fit during 24-hour test wear.

High-Impact Display Tray: Molded thermoplastic tray (15cm x 11.1cm x 1cm) keeps sizing rings organized, labeled, and protected during transit.

Calibrated Precision: Built to reflect the specific inner profiles of smart rings, serving as an accurate ring sizer and ring measuring tool that outperforms standard rigid metal bands.

How to Measure Your Ring Size

Easy 3 Steps

- 

Wrap the wide paper strip around the finger on which the ring is being worn.
- 

Mark the intersection where the strips are wrapped with a pen.
- 

The circumference of the ring to be purchased is measured with a ruler after spreading the paper sheet flat.

Choose the Right Size

US Size	Inner Diameter (mm)	Perimeter (mm)
4#	14.9	46.8
5#	15.7	49.3
6#	16.5	51.8
7#	17.3	54.4
8#	18.1	56.8
9#	18.9	59.4
10#	19.7	61.9
11#	20.5	64.4
12#	21.4	67.2
13#	22.2	69.7
14#	23.0	72.3
15#	23.8	74.8

 **Tips:** Measure your finger size at the end of the day when your fingers are warm for the most accurate result. If you are between sizes, we recommend sizing up for a more comfortable fit.
