lazy susan for fridge

B2B Product Specification & Description Manual | DAQIDA

Product Overview

As a direct B2B wholesale supplier, DAQIDA produces this innovative lazy susan for fridge setup to transform cluttered appliances into organized spaces. Functions seamlessly alongside traditional fridge organization bins and fridge organizer bins, bringing condiment jars, spices, and small containers within easy reach. Molded from durable ABS plastic, this rotating refrigerator bin withstands low temperatures, making it suitable for standard pantries as well as side by side freezer organization.

Use And Installation

Materials & Technical Selection & Engineering

Base Material & Plating: Crafted with precision engineering using high-grade substrates finished with Electroplated Silver, ensuring smooth edges, high durability, and safe, skin-friendly daily contact.

High-Impact ABS Plastic: Molded entirely from non-toxic, food-safe ABS polymer, delivering superior impact resistance and cold endurance compared to cheap acrylics.

Anti-Slip Vacuum Suction Base: Integrates high-grip suction cups to prevent the base from shifting or sliding on smooth glass shelves.

Precision Ball-Bearing Track: Engineered with internal steel/ABS bearings to ensure whisper-quiet, frictionless 360-degree rotation under heavy weight loads.
